

Talk on New Monkey Proof Bins

In recent months the school has been struggling with monkeys which have been coming onto the school grounds and targeting the waste food in the dustbins and pushing them over and spreading litter everywhere. The monkeys have even started harassing the children and see them as easy targets especially during break when they are walking around with food.

In an attempt to resolve this problem the school approached The Phalaborwa Mining Company (PMC) and asked if they could donate some monkey proof bins to the school.

Some representatives from PMC handed the bins over to the school and Mr. Jacques Moller gave a very informative talk to the learners during their morning assembly on recycling and waste.

The following representatives from PMC handed the bins over to some of the Kingfisher learners.

Back: Mrs. Michelle Matthee, Mr. Hamlet Mukhethi, Mr. John Mashale and Mr. Jacques Moller.

Front: Kachusha Mushikita, Mumba Kofya, Tokologo Lebea and Bronte Rhynes.

Using the monkey Proof Bins
