<p>Life Orientation</p>	<ul style="list-style-type: none"> • Two core activities for studying: Reading and memory • The importance of reading: core activity of studying and not only for studying, but also for pleasure. • Studying is necessary to obtain a good job and following a career path for better pay and standard of living. • Reading allows you to escape into other times and places and to see how other people lived. It allows you to explore your feelings, dreams and ideas. You will enjoy reading by reading material that interests you. • Human rights are sometimes called “natural rights”. People have these rights just because they are human beings. People are entitled to these rights no matter where they live in the world, or what position 	

they hold in society. It doesn't matter what a person's age, race, gender, class, language, belief, culture or religion is or how much money or education a person has, everyone has the same human rights.

- A tolerant person will:
 - Show respect towards other people.
 - Use negotiation and meditation to solve problems between people.
 - Be patient with other people.
 - Be a good listener.
 - Be slow to get angry.
